Do You Know What Happened When Religious Principles Were
Separated From Public Affairs?

On June 25, 1962, the Supreme Court first struck down school
prayer by prohibiting students from using this simple invocation:

*“Almighty God, we acknowledge
Our dependence upon Thee
And beg Thy blessing upon us,
our parents, our teachers, and our Country.*

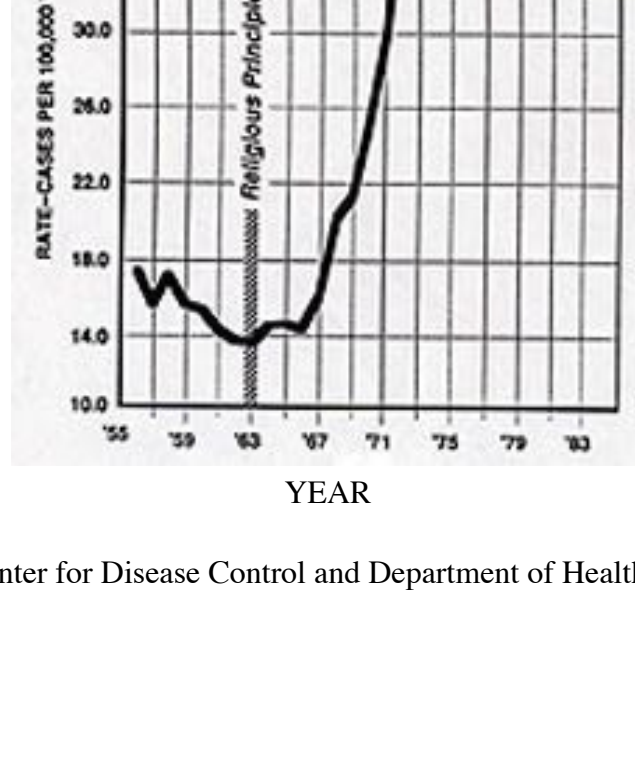

Following this case, the Court began methodically expelling other religious
principles; the effects have been evident:

**Please Note: Being Secular does not equate to being
Religiously Neutral.**

**Secularists have a Religion all their own
That they powerfully Impose
On those around them,
Through manipulation.**
